

## NEW ITEM: 100-8081 – ADAPTER PROFILE STEEL ROOF CORRUGATED LANDSCAPE

This new adapter profile [A] for corrugated steel roof is designed to match the steel roof mounting profile [B] for corrugated steel roof especially in cases where the PV installation is in landscape orientation. This EPDM profile, with a corrugated shape on one side and the shape of the mounting profile at the other side, can be perfectly adapt around the flat surface of the mounting profile. Thanks to the EPDM cell material a perfect shape adaption and water retaining can be guaranteed. Both items do have the same length; 120mm.

Item A 100-8081 Adapterprofile Steel Roof Corrugated Landscape (NEW)  
Item B 100-8048 Mounting profile landscape
